

Twice-A-Week Visitor
The Semi-Weekly Morning Light carries local, state and world news into thousands of rural homes in Navarro and surrounding counties twice each week. Every worthwhile item of news from every point is thoroughly covered.

Corsicana Semi-Weekly Light

Fifty Years of Service
The Semi-Weekly Morning Light has been an outstanding progressive newspaper, working for the advancement of the rural communities of Navarro and adjacent counties for more than fifty years. Its success is sound up with the growth of Rural Life.

VOL. LII. CORSIANA, TEXAS, FRIDAY, JULY 15, 1938 — TWELVE PAGES NO. 74.

HUGHES MADE FLIGHT LESS THAN FOUR DAYS

WHEAT LOANS RATE IS BETWEEN 59-60 CENTS PER BUSHEL

SECRETARY WALLACE ANNOUNCED RATE THURSDAY; BETTER GRADES HIGHER

WASHINGTON, July 14. —(AP)—The government offered loans averaging 59 to 60 cents a bushel on 1938 wheat today to farmers wanting to store their crops for better prices.

Loan rates varied from as low as 50 cents a bushel for some wheat farmers holding their grain on the farm, to as high as 82 cents at the grain terminal for the highest protein spring wheat.

The new farm law made the loans mandatory when agriculture department experts forecast a huge wheat crop for in excess of a normal year's domestic consumption and export needs of about 750,000,000 bushels.

Wallace's scale set up a system of base loan rates for the major terminal markets. They range from 67 to 81 cents a bushel. The scale then fixed certain deductions to be made from these base rates in figuring loans for wheat stored at varying distances from the terminals.

Wheat stored on the farm, or in local warehouses, or elevators, will bring the co-operating farmer the base rate for the terminal serving his territory less freight charges and a four-cent a bushel handling charge.

Officials said they expected very little of the wheat to be stored in the terminal markets. They said most of it would be stored on farms or in local warehouses where it would draw rates lower than the basic ones set up for the various terminals.

May Surrender Wheat.
Farmers obtaining loans may surrender their wheat to the government when the loans mature, as full payment of their obligation. The government would assume the storage charges which will be seven cents a bushel in commercial storage.

Producers of farm-stored wheat would receive a payment of seven cents a bushel for storage if they delivered the wheat to the government as payment for loans. Borrowers may withdraw their wheat as collateral at any time by paying interest and storage charges.

Officials said that the amount of wheat that may be put under loan might be 130,000,000 bushels or more. Grade quality requirements, officials explained, will be strict.

See WHEAT PRICES, Page 7.

CONGRESSMAN LANHAM HAS SIX OPPONENTS FOR RENOMINATION; LUTHER JOHNSON HAS COUPLE

Editor's Note: This is another of a series of articles showing how Texas cities are dealing with traffic problems in a campaign to defeat unnecessary injury and death.

By HARRELL E. LEE.
FORT WORTH, July 14. —(AP)—Fritz Lanham of Fort Worth, veteran of two decades in the National House of Representatives, has more opponents in the July 23 democratic primary than any other member of the Texas congressional delegation.

Challenging him are Alvin E. Amos, first-term state representative from Fort Worth; Curt B. Broom, Fort Worth attorney and former resident of Weatherford; Lanham's old home; A. H. Wheeler, Arlington publisher; J. J. Connolly of Fort Worth; B. F. Burnes of Weatherford; and Dr. F. E. Harrison of Fort Worth.

Lanham has opposed President Roosevelt on certain measures and some of his adversaries attempt to make it an issue.

"I have supported President Roosevelt many times in the term representative replies. There are some things on which I have not agreed. If congressmen voted the way someone said every time they might as well have a congress."

Fond of President.
Lanham has said he is very fond of the President both personally and politically. He points out that in past years he campaigned for Mr. Roosevelt in doubtful areas.

The Fort Worth representative had four opponents in 1936 yet was spared the necessity of making a run-off campaign. He garnered 22,711 votes in the first primary to 15,044 for Julien C. Hyer and 12,623 for the three other candidates, one of whom was Dr. Harrison. Hyer then decided to withdraw.

For the new deal. He is 100 per cent for the new deal. He urges elimination of lobbyists and boss control of government, abolition of child labor and enforcement of a

Still Makes Speed

Howard Hughes, above, first attracted aviation attention when he flew across the United States in record time, and Thursday he was acclaimed by a great throng as he set his giant silver plane gently down on Floyd Bennett Field, New York, after setting a new world flight record of 3 days, 19 hours and 17 minutes.

Speed Is Natural Instinct In Young Texas Flying Ace

LOS ANGELES, July 14. —(AP)—Speed is in the Hughes blood. While Howard Hughes winged over North America today on the last stages of a "round-the-world" flight, Barney Oldfield dug back into history—1905 when Howard Hughes, Sr., also made a bid for a speed record.

The father was like the son, said Oldfield, onetime king of auto races.

Hughes, Sr., a millionaire oil man, wanted to beat his friend, Col. E. H. R. Green, owner of several fast cars, and son of Hetty Green.

"He sure knew all there was to know about mechanical things in those days," Oldfield declared. "He took a 1905 model Peerless 35 horsepower, four-cylinder touring car and wasn't content until he rebuilt it and beat Col. Green's machines."

"Mr. Hughes 'hopped up' the motor and built a special water tank on the side so there would be sufficient water to take care of the added heat from the increased compression.

"His car would travel over the dirt track at the fair grounds in Dallas, Texas, at a mile a minute—red speed for that time. He drove in the 'gentlemen's races' for a trophy.

"Howard comes by his love of fast airplanes naturally. His dad's hobby was speed, too."

Highway Patrolman Injured.
SAN ANTONIO, July 14. —(AP)—Painful head injuries and a broken right elbow were suffered by a State Highway Patrolman E. H. Gilbert when his motorcycle overturned in loose gravel on an outlying road last night. He is from San Angelo and has been stationed here since June 1.

CANDIDATES FOR GOVERNOR SHELLED TEXAS WOOD TODAY

C. R. MILLER, MILLING MAN FROM DALLAS, WITHDRAWS FROM HOT RACE

(By The Associated Press.)
Candidates for governor "shelled the woods" in south, each and north Texas today, their ranks reduced to twelve with the withdrawal yesterday of Clarence R. Miller, Dallas milling man.

Ernest Thompson was scheduled at Orange, Fort Worth, and Beaumont; Lee O'Daniel and his hillbilly band, which is fast becoming a leading issue in the race, swung through the Rio Grande Valley, touching at McAllen, Weslaco, Gonzales and Harlingen; William McCraw went to Fort Worth; Karl Crowley was scheduled at Carthage, Center, San Augustine and Nacogdoches; and Tom Hunter prepared to speak at P. D. Renfro, former Beaumont mayor who is running on a campaign of economy and efficiency in government as explicated by his work as a city chief executive, came into north Texas for a speech in Dallas.

Miller, in withdrawing from the race, pledged his support to Thompson.

Swing through central, north and east Texas during the last week of the campaign.

A. T. Brodgon of St. Louis, Mo., announced his plans of a swing through central, north and east Texas during the last week of the campaign.

MANY KILLED IN JAPANESE RAIDS ON CANTON THURSDAY

ESTIMATED 150 DEAD AND 500 INJURED IN RAIN OF BOMBS FROM AIR

CANTON, China, July 14. —(AP)—Japanese aerial bombs killed probably 150 persons and injured 500 others when a bomb city today, the third successive day in which Japanese warplanes have attacked.

Eighty-three dead were counted between the East Bund and Honan island alone as rescue squads pulled mangled bodies of men, women and children from wrecked homes.

The Japanese bombed the city for three days in the Canton area were expected to total more than 1,500. There were 326 casualties by official count yesterday, including 240 killed when a bomb hit a concentration camp at Tsengcheng in south Kwangtung province.

Gruesome scenes resemble those of last months bombings in which hundreds were killed.

Thirty-seven Japanese air raiders appeared shortly after daybreak, directing their attacks toward the Pearl River bridge and the old power plant.

MAP SHOWS ROUTE COVERED BY HUGHES

Above is the route covered by Howard Hughes, wealthy young American flier, and his four companions in their record flight around the world, started at New York late last Sunday and ended at the same point shortly after noon, 12:37, Thursday. The new record time was three days, nineteen hours and seventeen minutes, beating the time set by the late Wiley Post by more than half.

HAWKINS NEGRO RUNS AMOK; KILLS THREE; IS KILLED

NEGRO LANDOWNER KILLS WIFE, WHITE MAN AND ANOTHER NEGRO

HAWKINS, July 14. —(AP)—Four persons were slain and one wounded here yesterday when a 40-year-old negro landholder who drew royalty checks from East Texas oil property suddenly went berserk.

One of those killed was the negro, R. D. Register, who was brought down by a shot fired by a store owner after Register had terrorized the countryside, fatally wounding three.

A. B. Humphries, justice of the peace said the negro killed his wife, Newell Ellison, a white man, and another negro, Leonard Huxley, and wounded Roy Allen, former Hawkins postmaster.

The woman and Allison were almost instantly killed and Huxley died late last night.

Allen was in a Dallas hospital, his arm broken by a bullet.

Humphries said he was not certain what caused the negro's mind to snap but had been told there had been several deaths in Register's family recently.

The new body differed from the old in that it was a load of hay.

On the way to town Register shot Ellison while the latter was herding cows in a pasture. Humphries said.

Register next met Allen and his wife in a truck and fired twice. One bullet struck Allen and the other hit a dog lying between the couple. Mrs. Allen escaped the negro's gunfire.

Funeral Services Mrs. C. H. Allyn Held Thursday

Mrs. C. H. Allyn, aged 90 years, pioneer resident of Corsicana, died at her home, 708 West Seventh avenue, Wednesday afternoon.

Funeral services were held from the family home Thursday afternoon at 5 o'clock. Interment was made in Oakwood cemetery.

Mrs. Allyn was native of Mobile, Ala. She and her late husband, Capt. Chas. H. Allyn were married in New Orleans in 1888 and came to Texas a short time later. Capt. Allyn was engaged in the mercantile business and resided at Bryan. When the H. and T. C. railroad was extended northwest, he moved his business to Groesbeck and then to Corsicana in 1872, when the line was finished to this point. Allyn was a business, financial and civic leader here for many years prior to his death.

Surviving are two daughters, Mrs. R. L. Hamilton and Mrs. H. D. Johnson, both of Corsicana; two grandsons, W. A. Lang and Robert Hamilton, and two great-grandchildren, and other relatives.

Sutherland-McCammom Funeral Home was in charge of arrangements.

See ROOSEVELT, Page 9.

Collin County Farmer Charged Killing of Two

McKINNEY, July 14. —(AP)—L. (Bob) Rollins, farmer east of Anna in north Collin county, was under guard today in connection with a shooting yesterday that cost the lives of Mrs. Cora Glasscock and her son, Roy.

Rollins, in ill health, was put to bed at his home.

The shooting occurred at Rollins' farm and Justice of the Peace W. O. O'Brien returned a coroner's verdict of "death from gunshot wounds at the hand of R. L. (Bob) Rollins."

Mrs. Glasscock, about 60, and her son, about 25, had gone to the Rollins place to discuss property matters and an argument ensued, officers said.

PRESIDENT PUSHED THROUGH TO PACIFIC COAST ON THURSDAY

DAY'S PROGRAM INCLUDED SIGHT-SEEING AND INSPECTION TOUR

By JOSEPH H. SHORT
ABOARD PRESIDENT ROOSEVELT'S TRAIN EN ROUTE TO SAN FRANCISCO, July 14. —(AP)—President Roosevelt pushed through the Pacific coast today on a program much to his liking.

Arranging to arrive at Crockett, near San Francisco, this morning, his day's plans included a sightseeing and inspection tour in the San Francisco area, a speech at the exposition grounds, and a review of the United States fleet off the city.

The speech, to be delivered at a luncheon in the Golden Gate International Exposition grounds administration building, was expected to be one of the most important of his cross-country tour.

The fleet review takes the President back to one of his first loves, the navy, which he served many years as assistant secretary.

His plans called for him to board the cruiser Houston at Oakland in mid-afternoon and to stay on her until he reached the docks at least seven hours.

The review was scheduled for 8 p. m. (C. S. T.).

The President will come ashore about 11 p. m. of Monday for El Portal, entrance to Yosemite National Park, where the Presidential party will sightsee tomorrow.

Only One Set Speech.
Mr. Roosevelt crossed into California from Nevada last night with only one set speech on his program—that at the exposition building. It was expected, however, that sometime during his three day stay in the state—he

See ROOSEVELT, Page 9.

Allred Admits He Concealed Facts on His Real Name

AUSTIN, July 14. —(AP)—Governor James V. Allred broke down and admitted today he had not told the public the whole truth about his name.

Young Speed Flier Lands in N. Y. at 12:37

FLOYD BENNETT AIRPORT, NEW YORK, July 14. —(AP)—Howard Hughes and his four fellow world flier's landed at Floyd Bennett airport at 1:37 p. m. Eastern Standard Time today with a smashing new round the world record of less than four days.

The big silver monoplane circled the field twice before coming down to an easy landing before a wildly cheering crowd.

The total elapsed time for the dash around the globe was set officially at 91 hours, 17 minutes, or three days, 19 hours and 17 minutes.

The multimillionaire speedster whipped in from the west under a threatening overcast sky with a record that more than halved the seven day, eighteen hours 49 minute round the world time established in 1933 by the late Wiley Post, a mark then regarded as sensational.

Hughes drove the ship at full speed on the last lap of the flight from Minneapolis to Floyd Bennett airport, whence he took off at 6:20 p. m., (EST) Sunday. A spanking tail wind helped him along.

His speed for the elapsed time was approximately 161 miles per hour.

A fire whistle to go with a screaming blast as the aerial argonauts set their plane down on the concrete runway and taxied toward the administration building.

Tumultuous Welcome.
Hundreds of automobile horns joined in a tumultuous welcoming.

Despite elaborate precautions to protect the plane, a surging crowd drove through to get a close-up glimpse of the unshaven, disheveled hero.

Hughes apparently did not notice a path which had been cleared for him and he taxied toward a commercial transport plane which was immediately moved.

Hughes' and his companions' last stop before New York was at Minneapolis, Minn., at 7:38 a. m., (EST) after a 2,441-mile flight from Fairbanks, Alaska, over the Canadian Rockies, down the great wastes of the Yukon and the barrens of northwest Canada.

After a 33-minute halt at the airport there they roared off at top speed for New York. A strong tail wind shoved the ship along at high speed over this 1,054 mile last lap.

They were reported at various points along the route, their progress cheered by the crowd which had gathered at Floyd Bennett field. It was estimated by officials at about 25,000.

Whalen Greets Fliers.
Grover Whalen, president of the World's Fair, 1939, for which the flight was designed as a good will venture, was the first to greet the fliers.

In striking contrast to the tired fliers, he entered the plane immediately after it came to a stop. Following him came Mayor P. H. LaGuardia, himself a flier of world war days.

The impeccably dressed Whalen presented two large baskets of flowers.

Hughes took his time about emerging from the plane, stepping partly out once and then returning.

At 1:47 p. m., EST, ten minutes after the ship landed, Hughes stepped down, followed by his four companions.

Those who accompanied him on the flight were navigator, Harry P. McLean Connor, Lieut. L. L. Thomas L. Thurlow, navigator, Edward Lund, flight engineer.

TWO MAIN CAUSES FOR DECLINE TEXAS HIGHWAY CASUALTIES

TRAFFIC REGULATION AND DRIVER RESPONSIBILITY REALIZATION CITED

(Editor's Note: This is the first of a series of articles on traffic fatalities in Texas and other states, and various cities are doing to curb them.)

By RAY NEUMANN
AUSTIN, July 13.—(AP)—Stringent traffic regulation enforcement and a gradual realization among motorists that "safety begins with the driver" appears responsible for an encouraging decline of highway deaths and injuries in Texas.

The state police "black book," a detailed record of accidents on more than 17,000 miles of paved highways and inestimable thousands of miles of city streets, revealed the motor car fatalities for the first half of the year was 764, or 136 under that of the first six months of 1937.

Police were quick to warn the reduction should not lead motorists to a false sense of security, and pointed out a moment's relaxation at the wheel might mean death, untold grief and anguish, and heavy financial debt.

As a reminder of vigilance, police reviewed an analysis of the June deaths which showed: Twenty-nine bodies were so mutilated the immediate cause of death could not be determined.

Nine persons died when their heads were crushed.

Ten bodies were described simply as "mangled".

Seven were burned beyond recognition.

Five people died when their necks were snapped by a sudden impact.

Four were crushed to death.

Arms Torn From Sockets.
Two died from shock and loss of blood when their arms were torn from their sockets, and one died after hours of agony with his face cut off.

June was second-lowest in fatalities with April's 92 lowest and January's 152 highest.

Traffic experts declared the gradual curbing of accidents was due to increased enforcement and impressing of "safety consciousness" in the public mind by praiseworthy work of many civic organizations, councils, commissions, schools, newspapers and the radio.

A cross-section of a state-wide check of cities showed Dallas, having cut its accident fatalities in half since the start of the year, leading the larger cities in

HONOR MEMORY OF JOHNNIE GARITTY

HON. LUTHER A. JOHNSON
PAYS TRIBUTE; RESOLUTIONS PRESENTED

The Lions Club, of which the late Johnnie P. Garitty had been a long-time member and president for two successive years, devoted today's regular meeting to a memorial service to his memory. Hon. Luther A. Johnson, a lifelong friend of Garitty, delivered the principal tribute, and other expressions were made by Past President Davey Marks, Lowry Martin and W. P. McCammon, and by Secretary R. A. Caldwell, who read the club's resolutions.

Upon the motion of Mr. Martin, Johnnie Garitty, Jr., was voted a lifetime honorary member of the Lions Club.

Visitors at today's meeting were Johnnie Garitty, Jr., Bennie Garitty of Dallas, Jim Nick Garitty, Tomlin Drummond of Waco, O. F. Allen, president of the Civitan Club; C. S. Dickens, president of the Rotary Club; F. C. Paul, Jimmie McCammon, Allyn (Rip) Lang, David Donovan of Austin, and C. M. Lyle, Secretary of the Lions Club.

Johnson Pays Tribute.
President Boyce Martin announced next week's program committee as Sam Wynn and Jay A. Silverberg. Today's program was arranged by B. Lynn Sanders and F. W. Smith. Mr. Smith introduced the out of town visitors and commented upon the late Mr. Garitty's life and his activities as a Lion. Mr. Smith said the committee was fortunate to get a lifelong friend of Mr. Garitty's to pay tribute to him, and then introduced Mr. Johnson, whose tributes followed.

We pause today to pay tribute to the memory of an unusual man, one whose life was spent among us, and I measure my words when I say that he was perhaps better known to every man, woman and child in Corsicana than any other citizen in our midst. The rich, the poor, the high, the low, the educated, the colored, all knew him and all loved him.

He was the same simple, sympathetic, unassuming, big-hearted Johnnie Garitty to everybody.

It was my good fortune to know him from his earliest childhood. I can see him now on old West Collins street—a youngster with a mass of dark, tousled hair, black, penetrating and mischievous eyes, a radiant personality that even then radiated sunshine and happiness, which he continued to do throughout his life.

He was the same simple, sympathetic, unassuming, big-hearted Johnnie Garitty to everybody.

Mr. Smith introduced the out of town visitors and commented upon the late Mr. Garitty's life and his activities as a Lion. Mr. Smith said the committee was fortunate to get a lifelong friend of Mr. Garitty's to pay tribute to him, and then introduced Mr. Johnson, whose tributes followed.

We pause today to pay tribute to the memory of an unusual man, one whose life was spent among us, and I measure my words when I say that he was perhaps better known to every man, woman and child in Corsicana than any other citizen in our midst. The rich, the poor, the high, the low, the educated, the colored, all knew him and all loved him.

He was the same simple, sympathetic, unassuming, big-hearted Johnnie Garitty to everybody.

It was my good fortune to know him from his earliest childhood. I can see him now on old West Collins street—a youngster with a mass of dark, tousled hair, black, penetrating and mischievous eyes, a radiant personality that even then radiated sunshine and happiness, which he continued to do throughout his life.

He was the same simple, sympathetic, unassuming, big-hearted Johnnie Garitty to everybody.

Popular Stars HUNTER ADDRESSES LOCAL CITIZENSHIP BEHALF CANDIDACY

CANDIDATE FOR GOVERNOR IS INTRODUCED BY DONALD MARR, ATTORNEY

Tom F. Hunter of Wichita Falls spoke here Tuesday evening in the interest of his candidacy for governor in the approaching primaries. He was introduced by Donald Marr, attorney and oil operator. The candidate reviewed his efforts on behalf of the people's interest during the past several years. He rapped William McCraw and Ernest O. Thompson as "ring leaders" and inferred W. Lee O'Daniel was not to be considered as a stockholder in the state business as he did not have a poll tax or exemption and for that reason was not likely to be chosen a director or chairman of the board.

Hunter predicted he would lead the ticket in the approaching election. He said the nation was regarded as the second man in the race. Discussing McCraw's record, Hunter declared:

"McCraw has got flour in his eyes. He is a politician in third place. Ernest Thompson has been forgotten for nine weeks."

Carbon Copies.
Hunter declared that McCraw's and Thompson's platforms were carbon copies and said he would like to know who wrote them. He said the beginning of his address, Hunter declared that the governor of a state was like the chairman of the board of directors for state affairs and that the man selected to be chairman with and should have given some study and interest in state affairs. He pointed out the state business represented an income of \$150,000,000 a year, and declared the proposal of some candidates to pay \$30 per month to all over 65 years of age, could not be accomplished because if the state does not comply with the federal regulations, the appropriations would be withdrawn by the U. S. and under the constitutional provision, the state could pay the old age pension only \$10 per month.

He said he would seek an equal and uniform enforcement of the ad valorem tax in the state and abolish overlapping departments.

Hunter condemned hundreds of state employees in automobiles and with expense accounts going all over the state and tax expense going to continue the political rings now in power in Austin.

He said there are now 2,000 political agents in state-paid automobiles, each costing a million dollars, "telling you not to vote for Tom Hunter, but for McCraw or Thompson."

The candidate said he favored a state auditor, appointed by the legislature, to check up on all state department expenditures, and favored the use of a pruning knife in Austin instead of an adding machine.

Turning his attention to the truck load legislation, Hunter declared the 7,000 pound load provision was unfair and discriminatory. He said a farmer could not haul more than 7,000 pounds under any circumstances, but others could, by a \$5 special permit, haul as much as 80,000 pounds. He said if the law was changed to a fair one, East Texas and West Texas vegetables, tomatoes and other perishable products could be taken to St. Louis and Kansas City and other points instead of the products rotting in the fields and orchards. He said that Texas and three other states had not complied with the standard set up by the U. S. engineers with reference to truck and other highway traffic on a scientific basis while the remaining 4 states had done so. Hunter, in concluding his address, again lambasted McCraw and Thompson, declaring they maintained they were for economical government, but he attacked their record since being in Austin as extravagant and wasteful.

He said in 1929 the attorney general's department cost \$112,000. The first year under McCraw, it cost \$235,000. He charged and this year is costing \$430,000. Turning to Thompson, the speaker alleged that in 1929 it cost \$227,000 to operate the railroad commission, which Thompson is now a member, while this year it will exceed \$1,000,000.

RETURN ENGAGEMENT

That the Club in bowing to the will of the Almighty in the loss of Lion Garitty, takes great pride in what the life of Lion Garitty P. Garitty has meant to the club and to the civic and charitable life of the entire community.

Few lives have been so untimely ended whose record of achievement is so complete. He was a man with that made by the deceased.

His very nature was one of kindness and helpfulness; his heart was big; his motives fine; his feelings for his fellow man were of the highest order. He gave aid and comfort to the poor—He represented life in the fullest.

His finest role was that of a Father. It is this organization's sincere wish that this deceased member's son shall grow into as fine a man as his father.

CHINESE, JAPANESE FIGHT FOR KIUKIANG ON YANGTZE RIVER

SHANGHAI, July 13.—(AP)—Chinese and Japanese fought today for control of Kiukiang, 135 miles down the Yangtze from Hankow and a main barrier to the Japanese offensive pointed toward that provisional capital of China.

The fighting was heavy and intense heat, with the temperature above 100, added to the suffering of the Chinese.

It seemed apparent the Japanese still were deadlocked in their efforts to take Kiukiang.

The Chinese, determined to leave nothing for the invaders should they gain control of the city, were systematically destroying waterfront properties of possible military value.

THE VAN SWEDENS TO SERVE SALVATION ARMY ANOTHER YEAR

Major and Mrs. M. Van Sweden in charge of the local Salvation Army corps will serve the Corsicana station another year, this will be the Major's fifth year in Corsicana.

The work done by the Salvation Army during the regime of Major and Mrs. Van Sweden has been one of high order. They are in good repute with the citizenship and the work and financial backing given the Salvation Army here has increased each year.

The Major has been notified that Mrs. Rainey will again head the financial campaign in Corsicana and will start her work here about November 1st. Mrs. Rainey has been coming to Corsicana for a number of years.

Major and Mrs. Van Sweden have served Corsicana longer than any other workers assigned to this city, the record shows that the longest period of service for any one else has been two years.

HIGHWAY TRAFFIC DEATH TOLL SHOWS DECREASE FOLLOWING AN APPEAL BY GOVERNOR ALLRED

By HOWARD C. MARSHALL
AUSTIN, July 14.—(AP)—By a simple proclamation, Gov. James V. Allred may have saved the lives of 14 persons.

For the first five months of this year the average weekly toll of traffic deaths in Texas was 33, but in the week of June 12-18, which Gov. Allred proclaimed "safety week," only 19 lives were lost in traffic accidents.

"After the governor issued the proclamation some newspapers in editorial columns questioned whether it would do any good," said an official of the state public safety department. "We think a reduction of 14 in the average maintained for five months was worthwhile."

The average for 1937 was 41.

Rep. Arthur Holland of Belton says there is one sure way a candidate for office can know when he has won a vote. That is when a voter places the candidate's advertising sticker on his automobile.

"Anyone will stick up a placard or sign," Holland remarked, apparently referring to placing candidates' placards in stores and offices, "but when he puts a sticker on his car you can know it's a vote."

Although he has no opposition for re-election, Holland is attending political rallies in his district and passing out campaign cards.

Many stories about Jeff T. Strickland circulated in Capitol corridors when he was named the former member of the legislature, insurance company executive and legislative representative for interstate theaters died at San Antonio.

Jeff, as he was called by nearly everyone who knew him, had a keen sense of humor. He liked to hear stories with a laugh in them and could tell plenty on his own account.

Former Rep. Tom Martin of Johnson City, who, incidentally, this year is trying to out the incumbent representative of that district, Alfred E. Petch of Fredericksburg, recalled he once bought a horse from Strickland.

"I asked Jeff if that mare handled easily," said Martin, "and he assured me she was as gentle as a lamb."

"Well, sir, when we tried to take her home she kicked 500 worth of new lumber off a trailer. We couldn't move her until I could locate one of those wranglers who know how to handle mean horses. Ordinary cowboys we knew couldn't do anything with her."

"Jeff thought it a great joke."

Strickland told press correspondents how a woman member of the legislature once attempted to arrange a marriage between him and a friend of the member. Strickland was a widower.

The would-be matchmaker invited Strickland and the friend to a luncheon and for a while everything rocked along smoothly.

"But I knew what she was up to," Strickland grinned. "So when they brought in the coffee I poured it into the saucer, put my elbows on the table, lifted the saucer between both hands, blew on it and began drinking."

Strickland said his hostess cried, "now you stop that, Jeff, you're doing that just to embarrass me."

"But I went right on drinking and blowing," Strickland said. "After that, attempts to promote a match were dropped."

Bob Barker, secretary of the state senate and a close friend of Strickland, was preparing the day he died to send Strickland an old shaving mug which bore Barker's name. Strickland was a collector of mugs.

He also collected dinner plates from hotels, dining cars and other places, always asking for one that was chipped or cracked and no longer of use to management.

They were sent him from all over the world.

Strickland professed to be "just a plain country boy trying to get a cornucopia pipe, and when the cigars were smoked down to about an inch in length he placed them in the pipe and finished them."

His ranch in Comal county, where he often entertained friends, was called "Nubbin Ridge."

Mexico is adopting Texas police methods of law enforcement, especially traffic law enforcement. A. Capito Pozo, chief administrator of Mexico City police, told state police officials here.

He said a number of Mexico City's police would enroll in the training school to be conducted by the department of public safety next fall, and expressed hope any "border line" between the United States and Mexico, as concerned law enforcement, ultimately would disappear.

Good feeling between border officers of the United States and Mexico has grown tremendously in recent years he said.

Aged Missionary Is Stricken Sweetwater
SWEETWATER, Tenn., July 14.—(AP)—Stricken while on a train en route from Laredo, to Horse Shoe, N. C., to visit a nephew, Miss E. Lee, 80-year-old Presbyterian missionary, died here yesterday shortly after being removed to a hospital. The body was sent to Horse Shoe for burial. Her nephew is Representative L. L. Burgh.

INTERESTING SERMON SUBJECT FOR TENT REVIVAL MEETING

Rev. G. P. Comer's message Wednesday evening at the tent revival services was "The Three Groups in the Garden." The spirit of the revival reached another high point with the conclusion of this message.

The speaker began by saying, "You are where you are in the church because Christ placed you in that position."

The three groups in the garden were Christ, three of his disciples and the remaining eight. Rev. Mr. Comer said in telling of the faith, that these two groups had in him and of Judas who betrayed his Master.

"I never to Jesus Christ that which I do not owe to world or to myself," declared the evangelist. Rev. Mr. Comer emphatically stated, "The conduct of some of the people in the church must break the heart of the Son of God. The average church spends more along the social lines than they do along the spiritual lines. Our churches need more of Christ than they do of vast riches and social life."

"Before we can convict the world of sin we must get right with God ourselves," he added.

The messenger continued by saying "The devil is the cause of everything that is wrong and of sin. In my belief half of the people in the church have none of the spiritual force of the church."

A beautiful old hymn "Amazing Grace" was sung by Miss Elizabeth Williams of Thornton. Her accompanist was Mrs. Opal Williamson.

A large delegation attended from Thornton in addition to others from the various towns around Corsicana. Approximately five hundred were present for the evening service.

Morning services are held at 8:30 and evening services at 8 o'clock. An invitation is extended the public to attend.

Shorted Electric Wiring Causes Run
Shorted electric wiring caused a run for the fire department to a residence at 221 West Tenth avenue about 4:30 Wednesday afternoon. Little damage resulted. Shorted wiring on an automobile caused a run to the 100 block on West Seventh avenue about 9:25 Thursday morning. No damage resulted.

THE CORSICANA DAILY SUN DAILY PATTERN

GO SLIMLINE IN GAY COTTON

PATTERN 4846

by Anne Adams

"I'm ready to stay home or go visiting," this slenderizing triumph seems to say. And indeed Pattern 4846 was planned to suit many occasions, as well as many types of figures! Order this new Anne Adams creation today, and in no time you can make a compliment-catcher to wear from morning 'til night. Don't miss the fact that the yoke back is cut to extend to the front of the bodice—this means you have no shoulder seams to sew. Suitable fabrics are printed cotton broadcloth, percale, dimity, printed rajah, spun rayon—all of which take kindly to the lovely flare of the paneled skirt, and to puffed or loose sleeves. U-braid, bows or buttons for trimming.

Pattern 4846 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 4 yards 36 inch fabric, and 2-1/8 yards ric-rac.

Send fifteen cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly size, name, address and style number.

Do you want to be a style leader this summer? Then write at once for the Anne Adams Summer Pattern Book. It's filled with hints on how to be cooler and smarter—how to look younger, slimmer, more glamorous—how to be correctly dressed for every summer setting, whether sunlit or moonlit. Don't look younger, slimmer, more glamorous—how to be correctly dressed for every summer setting, whether sunlit or moonlit. Don't look younger, slimmer, more glamorous—how to be correctly dressed for every summer setting, whether sunlit or moonlit. Don't look younger, slimmer, more glamorous—how to be correctly dressed for every summer setting, whether sunlit or moonlit.

News of County Home Demonstration Clubs

The Mt. Nebo Club Home Demonstration Club met in the home of Mrs. Marvin Tyner Monday, July 11, with all club members and two visitors being present. Meeting was called to order by our president and minutes of last meeting were read by our secretary. Members answered the roll call by filling ways on how to prevent flies. Many useful and necessary ways were discussed. Ways on how to attend the county rally were discussed.

Delicious refreshments of muffins with cream and peaches, sandwiches, cantaloupes, and iced tea were served, which everyone enjoyed very much.

The meeting adjourned to meet with Mrs. Carl Gunn next club day.—Reporter.

FORMER NAVARRO COUNTY RESIDENT DIED AT CANYON

Funeral services were held for Mrs. Mary Elizabeth Smith, pioneer Canyon resident, aged seventy-eight, widow of the late Thomas M. Smith, well known Texas educator at the First Baptist church of Canyon Saturday morning, July 11.

Mrs. Smith lived for many years in Keren, where her husband was superintendent of schools, and in Corsicana, where he was county superintendent of public instruction.

She was educated at old Marvin College, in Waxahachie, and taught for twenty years in the schools of Navarro county.

Mrs. Smith was born in Alabama, in 1859, and came to Texas with her parents in 1870.

She is survived by seven children: H. Flanagan Smith, of Oklahoma City; Mrs. J. L. Tani, Lubbock, Texas; Mrs. Tommie Montfort, Canyon, Texas; Miss Angie Smith, Canyon, Texas; Mrs. Charles Clark, and Mrs. D. G. Simms of Dallas.

Several Kerenites
Now on Sick List

KERENS, July 14.—(Spl.)—On the sick list in Kerens this week are Odell Cunningham, former city night watchman, who remains seriously ill after being confined to bed for several weeks.

Billy Balm Tyus, son of Mr. and Mrs. Robert Tyus is battling a severe case of influenza.

Little Miss Zella Jenn Westbrook, daughter of Mr. and Mrs. Grant Westbrook, who has contracted a light case of scarlet fever.

Ford Ivey, Jr., who is improving rapidly after an attack of typhoid fever.

PHILLIPS HOLDING STEADY LEAD OVER KEY FOR GOVERNOR

SENATOR THOMAS ASSURED OF RENOMINATION FOR UNITED STATES SENATE

OKLAHOMA CITY, July 14.—(AP)—Leon C. (Red) Phillips, affable, cigar-smoking new dealer, maintained a comparatively small but steady lead today over W. B. Ray, another supporter of the policies of President Roosevelt, in the democratic gubernatorial primary.

Trailing in third position was former governor W. H. "Alfalfa Bill" Murray, outspoken critic of the new deal policies. There is no runoff.

With only a handful of precincts missing, Phillips showed a slightly greater strength in the latest ballot totals. The former speaker of the State House of Representatives had 176,447 votes in unofficial returns from 3,496 out of 3,522 precincts.

Key, former state WPA administrator, had 173,156, just a little more than 3,000 votes behind the pacemaker. At one time Key had led the lead to about 1,800.

Murray, who drew an indirect presidential reference as "nationally known as a republican," was a poor third with 143,007.

Democratic nomination for governor is considered equivalent to election—no republican has ever served in the office.

In the senate race which had

IMPORTANT NOTICE TO ALL ELECTION OFFICIALS!

Immediately upon the completion of the count of your box please phone (collect) results to the Corsicana Daily Sun.

The Sun will attempt to give complete county totals the night of the election. This will be impossible without your box.

Just tell the operator to connect you with the Daily Sun, Corsicana, (collect).

You should bear in mind that the Legislature passed a law requiring your returns to be phoned in immediately after the polls are closed and the count completed and imposes a stiff penalty on the precinct chairman if he shall neglect to do this. The law further provides that the official returns shall be made to the County Chairman within twenty-four hours after the ballots are counted. A fine of not less than \$50.00 nor more than \$1,000 is the penalty fixed by law for any violation of the election law.

This is very important and your co-operation will be greatly appreciated.

N. S. CRAWFORD,
County Chairman.

been looked upon as the first test of the President's political speaking tour, white-haired Senator Elmer Thomas ran away from his opposition. Mr. Roosevelt said a "few kind words" for Thomas in a speech here Saturday and referred to him as "my old friend."

The senator was assured of the democratic nomination, polling 207,245 votes to Rep. Gomer Smith's 159,728 and new deal Governor E. W. Marland's 96,472 in unofficial returns from 3,048 precincts.

CONGRESS RACES

(Continued From Page One)

minimum wage and maximum hours law. He has the endorsement of many old age pensioners here.

Dr. Harrison, who received but 1,680 votes in the 1936 race, operates a clinic-hospital. He states he favors federalization of old age pensions without paupers' oaths and protection for small independent business.

Stand by the President.

One of Wheeler's campaign planks is headed: "Stand by the President." A publisher of small town newspapers for 30 years, he asserts he is for the new deal with reservations which any independent editor would make.

McBroom stresses support of the President's program in its entirety.

Counties in the district in addition to Tarrant are Hood, Johnson, Somervell and Parker.

In the district southeast of here, Luther A. Johnson of Corsicana, whose service in congress is only four years less than that of Latham, is opposed by H. Fountain Kirby of Groesbeck, widely-known district judge, and Noble Cook of Thornton.

Johnson seldom has had opposition. He received a clear majority over four opponents in the first primary of 1936.

He is regarded as a supporter of the Roosevelt administration. The district comprises Navarro, Limestone, Ellis, Robertson, Freestone, Leon, Hill and Brazos counties.

WHEAT PRICES

(Continued From Page One)

will eliminate a considerable quantity.

Forecast Near Billion Bushels. The crop was forecast at 967,420,000 bushels and in addition there is a surplus of 200,000,000 bushels from last year.

Wallace said the loan rates will average the minimum allowed by the law, which is 52 per cent of the "parity" price of \$1.14 a bushel.

Loans will be extended only to wheat producers who did not exceed their 1938 soil-depleting acreage allotments by more than 5 per cent. Wheat must be stored either in commercial warehouses or elevators or in approved farm bins or granaries.

The loan program set up a scale of base rates for principal terminal grain markets. Better grades will be eligible for higher loans than lower grades. Likewise, rates on grain stored distances from these terminals will decrease as the distance increases. In a few minor wheat areas flat loan rates were established.

Basic Rates

The basic rates for the terminal markets were announced as follows:

Kansas City, Mo., and Kansas City, Kan.—No. 2 hard winter, 72 cents; No. 2 red winter, 70 cents. Omaha, Neb., and Council Bluffs, Ia.—No. 2 hard winter, 71 cents; No. 2 red winter, 69 cents. St. Louis, Mo., and East St. Louis, Ill.—No. 2 hard winter, 75 cents; No. 2 red winter, 73 cents. Minneapolis, St. Paul and Duluth, Minn.—No. 1 dark northern spring 81 cents; No. 1 northern spring 79 cents; No. 2 amber durum 72 cents.

Galveston and Houston, Tex., and New Orleans—No. 2 hard winter 77 cents; No. 2 red winter 75 cents.

The loan rate on wheat stored distances from these terminals will be the terminal rate less all freight charges plus 4 cents.

Loans on farm-stored wheat will be made directly by the Commodity Credit Corporation through Reconstruction Finance Corporation loan agencies, while the loans on wheat stored in elevators will be made either directly by the Commodity Credit Corporation or through banks and other lending agencies.

The loans will bear interest at 4 per cent and will be for seven months when the wheat is stored in elevators and until May 31, 1939, when stored on farms.

Loan terminals are areas they serve include (farm-stored wheat loans will be figured on the terminal base rate):

Kansas City—The following Texas counties: Pecos, Sherman, Hansford, Ochiltree, Lipscomb, Hartley, Moore, Hutchinson, Roberts and Hemphill.

Los Angeles—All counties in New Mexico not served by Kansas City.

Galveston—The following New Mexico counties: Quay, Curry, Roosevelt and Lea.

All counties in Oklahoma not served by Kansas City.

All counties in Texas not those served by Kansas City.

Onion Buyers at Dawson. DAWSON, July 14.—Several carload union buyers were here this week. Most of the onions are being bought in the field at 50 cents per bushel. There are about 500 acres devoted to this crop this year, with an average yield of 100 bushels per acre.

Softball Field Lighted. DAWSON, July 14.—Eighty-four foot poles have been placed on the softball ground on the high school campus. Each pole will carry a 1500 watt bulb and reflectors, which will give ample light for night games.

SEADLUND, KIDNAPER OF CHARLES S. ROSS WAS ELECTROCUTED

KILLER OF VICTIM AND HIS PARTNER DIED IN CHAIR EARLY TODAY

CHICAGO, July 14.—(AP)—John Seadlund paid with his life today for the crime of kidnapping.

The 27-year-old lumberjack, confessed abductor of Charles S. Ross and confessed killer of the man who helped him commit the crime, was electrocuted at 12:08 a. m. (Central Standard time) in the Cook county jail.

Shaved and masked, Seadlund walked tensely into the execution chamber almost unaided. "You don't have to hold my arms," he told the guards on each side of him.

He was the second man to be executed by the federal government under the Lindbergh kidnap law. The first was Arthur Goetz, 27, hanged at McAlester, Okla., June 19, 1936, for kidnapping two peace officers at Paris, Tex., while attempting to avoid arrest.

Twenty-five witnesses saw Seadlund die. Among them was Seadlund's attorney, a Crosby, Minn., undertaker selected by Seadlund to carry his body back to his home in Ironton, Minn.

Seadlund's last hours were spent in a spirit of fatalism. Those who saw him said he expressed no regret, voiced no bitterness. He fitfully read the Bible and talked with the jail chaplain. In his death cell, an hour and a half before the execution, he partook of a light lunch.

Seadlund and James Atwood Gary, his 19-year-old accomplice, kidnapped Ross in northern Illinois last Sept. 25. They took the 72-year-old retired manufacturer of greeting cards to a hideout in Wisconsin's north woods, near Spooner.

There, Seadlund confessed to agents of the federal bureau of investigation, he killed Gary during a quarrel. Ross was fatally injured in the struggle. Seadlund said, so he shot him, too. Mrs. Mae C. Ross of Chicago, the kidnap victim's widow, paid a \$50,000 ransom. Most of this money, traced across the country, was recovered after federal agents arrested Seadlund at the Santa Anita race track in California.

CANDIDATES

(Continued From Page One)

Hunter, speaking at Longview last night, cited what he characterized as oil proration discrepancies between fields preponderantly operated by independent and major companies and charged Thompson, a railroad commissioner, McCraw, attorney general, with equal responsibility.

Thompson at San Antonio stressed that Texas labor should be fairly paid and presented a broad program which he said would bring prosperity to every citizen of the state.

McCraw, at Greenville, demanded to know how O'Daniel stands on legalized horse racing and sale of liquor by the drink. He declared the Fort Worth flour merchant had not committed himself on either issue. McCraw said when O'Daniel was asked his stand on these points, the latter "just turns around to that hill-billy band and says 'boys play some mountain music.'"

Crowley, speaking at Marshall, charged that "every peanut politician in every courthouse in Texas is on the payroll of Thompson or McCraw."

He referred to McCraw and Thompson's programs as "carbon copy platforms," and said O'Daniel came out of the ground like a whirlwind and stole McCraw's show.

O'Daniel told an Edinburg audience "you folks will have to send me to Austin since I can't vote for myself." He referred to his lack of poll tax receipt. He renewed his attack on "professional politicians" but did not mention the names of any of his opponents.

O'Daniel promised yesterday he would give his mind and labor in a broadcast from McAllen today.

SINO-JAP

(Continued From Page One)

ter of a crowded vegetable market, and 34 shattered corpses were counted there. The only living thing appeared to be a pet monkey, chained to a tree.

Crossing the bridge to Honan, one saw 49 bodies laid out on the sidewalk.

Trucks carried wounded to hospitals, where some of the injured died before medical aid could be had.

The Associated Press correspondent had to tie a handkerchief across his face to keep out sickening smells in bombed areas. From the ruins of one house there was a cry, then sudden silence, indicating one more dead.

ROOSEVELT ASSERTS WANTS DEMOCRACY TO WORK AS IT NOW IS

PRESIDENT DECLARES WE DO NOT WANT COPY OTHER FORMS OF GOVERNMENT

ABOARD PRESIDENT ROOSEVELT'S TRAIN EN ROUTE TO SAN FRANCISCO, July 12.—(P)—President Roosevelt asserted today that "we want democracy to work."

"That is our chief objective," the president told a crowd of thousands by police more than 15,000, in a brief rear platform address from his special train at Pueblo, Colo.

"We don't want to copy other forms of government," he said. "Ours is good enough for us."

The president avoided reference to Colorado's democratic senatorial primary, making no mention either of Senator Alva B. Adams or his primary rival, Judge Benjamin C. Hilliard.

Mr. Roosevelt devoted much of his Pueblo talk to describing the government's efforts toward conservation of natural resources, and described the government as "a common meeting ground" for the states in addressing their differences, particularly those involving water.

His only mention of a Colorado official came when he said, "I am sure that the people of Colorado are not the people of Pueblo were nearly wiped out in 1921."

"The river is not the problem of just one state," the president said. "It is a problem of the whole country."

The president said he always talks about the Arkansas and good example of a water shed and good watershed water problems.

Gov. Teller Ammons of Colorado who is unpopular for renomination, stood on the train platform behind the president with Senators Adams and Ed C. Johnson and Representative John A. Martin of Pueblo, all Colorado democrats.

Adams' rival for the senatorial nomination, Judge Hilliard, had notified the president the night that he was called to Kansas by the critical illness of a brother.

The president said "more and more the scenery of the Rocky mountains is being recognized as a national asset."

Mr. Roosevelt predicted that if people traveled more there wouldn't be so many political differences. "It seems we've had a good agricultural year, even down in the dust bowl," Mr. Roosevelt said.

He told about getting soaking wet in Amarillo.

CARDOZO SUCCESSOR MAY NOT BE NAMED UNTIL NEXT JANUARY

WASHINGTON, July 12.—(P)—The possibility that President Roosevelt might delay selection of a new supreme court justice until congress meets in January was considered today by capital politicians.

Attorney General Cummings held last August that an appointment to the court could be made whether congress was in session or in recess. Hence, if the president desired, he could choose a successor to the late Justice Benjamin Cardozo in time for the beginning of the court term in October.

The senate, however, eventually must pass any recess appointment. There were some who suggested that Mr. Roosevelt might prefer to have the senate vote on his nominee before the latter actually took his seat, lest the nomination be rejected and cause embarrassment.

Mr. Roosevelt has given no indication, as far as is known here, when he will select Justice Cardozo's successor or whom he will appoint.

He said yesterday at Wichita Falls, Texas, while announcing the appointment of 39-year-old Gov. James H. Allred to district judgeship, that he would seek to nominate "younger men to positions on the federal bench."

Justice Hugo L. Black was 51 years old at the time of his appointment by Mr. Roosevelt last August, and Justice Stanley F. Reed was 53. They are the youngest members of the court.

**Recent Bride Was
Tea-Shower Honoree
In Kerens Friday**

KERENS, July 13.—(Spl.)—Mrs. W. A. Fuller of Kerensville, who was, prior to her marriage recently, Miss Hotense Simms, was honored with a lovely tea and miscellaneous gifts at the home of Mrs. Jack Anderson Friday from 4 to 6 p. m. Mrs. Jim Stevenson and Mrs. Tom Keck of Trinidad were hostesses also.

Delicious food drinks were served with individual cakes, also yellow and white.

Assisting in the house party, other than the three hostesses, were Mesdames John Anderson, Sr., Charles Reese, James Taylor, H. W. Hoffer, John Simms and Miss Mary Pearl McClunel.

The guests, after registering in the beautiful bride's book, viewed the lovely array of gifts in an adjoining bedroom.

Picnic and Family Reunion.
Kerens, July 13.—(Spl.)—Mr. and Mrs. R. I. Sandlin, Mr. and Mrs. Barney Newsome, and son, Lawrence, Mr. and Mrs. Joe Wilson and Miss Dorothy Jean Wilson, Mrs. Howard J. Oliphant and Miss Annie Jones of Kerens, were among the large group of relatives and friends attending the annual picnic and family reunion of the Sandlin and Jones families, held at the T. P. & L. picnic grounds in Trinidad on July 4.

The day was spent fishing, swimming, enjoying the bounteous noon meal, and at dusk a display of fireworks marked the end of a perfect day for this congenial and happy group.

pointment by Mr. Roosevelt last August, and Justice Stanley F. Reed was 53. They are the youngest members of the court.

CHINESE DESTROY CITY OF KIUKIANG AS JAPS ADVANCE

DEFENDERS PLAN FIGHT TO FINISH AND WILL LEAVE NOTHING OF VALUE

SHANGHAI, July 12.—(P)—Japanese bombers raided Chinese positions on the outskirts of Kiukiang today while Chinese defenders, preparing to fight to a finish and intending to leave nothing valuable behind, systematically destroyed Kiukiang waterfront properties, including American possessions.

Japanese troops attempting to land on the West bank of the channel leading into Poyang lake, ten miles due East of Kiukiang, which is 126 miles down the Yangtze river from Hankow, present Chinese capital and Japanese goal.

Japanese war ships put down a barrage to cover the troops, advance, inside Kiukiang the Chinese rushed barbed wire entanglements, sandbag barricades and trenches in the streets.

Most civilians had fled with foreign missionaries from Kiukiang, establishing an emergency refuge zone at Kulling, a mountain resort 13 miles away.

Chinese planes bombed Japanese warships off Pengtash and Hukow. They claimed several hits.

Chinese forces occupied British property along the Kiukiang river front, mounting guns and cutting loopholes in warehouses and wharf buildings.

Reports from British companies indicated the Chinese were determined to utilize every means to repulse a Japanese landing at Kiukiang. The dispatches also said Chinese decided to destroy the proposed pipeline of the Standard Oil company because of "military necessity."

A Japanese naval officer announced Japanese planes completely destroyed the Yuenan bridge on the Canton Railway, and badly damaged another bridge at Yingtak.

Japanese Bomb Canton.
CANTON, China, July 12.—(P)—Japanese warplanes bombed this teeming metropolis twice today, scoring seven direct hits on the Wonsgha station and causing 52 deaths and injuries to 200.

The raiders heavily strafed the station area and the residential district near the Sun Yat-Sen Memorial this morning. Shortly after noon the air alarms shrilled again, bringing a new wave of panic while rescue squads still were picking up casualties from the first attack.

Bombs Drop Close.
HANKOW, July 12.—(P)—Bombs from Japanese warplanes exploded today close to four United States missionary institutions in Wuchang, just across the Yangtze river from Hankow, but no Americans were injured.

Approximately 200 Chinese were killed or injured in the raid, carried out by 18 planes which dropped at least 100 bombs.

**One Dead, Another
Injured In Crash**

SAN ANTONIO, July 14.—(P)—A freight truck-automobile crash on the Austin highway shortly before last midnight resulted in the death of Thomas Lee Bartfield, 20, of Dallas, as 43rd county traffic claimed its 43rd victim of the year.

Bartfield was driver of the truck which collided with an automobile driven by Henry Poage, 20, of San Antonio. Poage suffered a possible fracture of his skull and was reported in a serious condition.

**POWER PROJECTS
IN TEXAS CITIES
GET PWA FUNDS**

CITIES MUST FIRST MAKE
REAL EFFORT TO BUY
PRIVATE CONCERNS

WASHINGTON, July 13.—(P)—PWA Administrator Ickes conditionally allotted \$9,827,955 today for 21 public power projects which he has designated as competitive. To receive this money the municipalities concerned must comply with the power policy Ickes announced last Friday.

He declared then that before cities could set up competing utilities they must make "reasonable efforts in good faith" to purchase the privately-owned facilities with which the municipal plants would compete.

The conditional loans amount to \$2,698,000 and the grants to \$6,829,955. The largest was an allotment of \$2,770,000 for a steam electric generating plant and distribution system for San Antonio, Texas.

Allotments for electric power plant construction included: Cleveland, Okla., \$63,800; Cuero, Texas, \$101,000; Gonzales, Texas, \$78,000; Okmulgee, Okla., \$408,800; San Antonio, Texas, (steam-electric plant), \$2,770,000; Texarkana, Texas, \$300,000 loan and \$245,000 grant; Weslaco, Texas, \$94,500; Wharton, Texas, \$80,000; Wichita Falls, Texas, \$668,000 loan and \$187,000 grant.

Final Approval Announced.
FORT WORTH, July 13.—(P)—Public works administration announced final approval of loans and grants totaling \$5,428,000 for the construction of electric power plants and distribution systems in seven Texas cities. Total cost of contemplated construction is approximately \$9,000,000.

Wichita Falls received an allotment of \$1,750,000 in a loan and grant for the construction of a power plant.

A municipal light plant and distributing system for Texarkana was authorized in a loan and grant of \$54,000.

Gonzales was allotted a grant of \$78,000 for a power plant to cost \$173,000.

A grant of \$90,000 to Wharton for a power plant was approved. The total cost will be \$35,000.

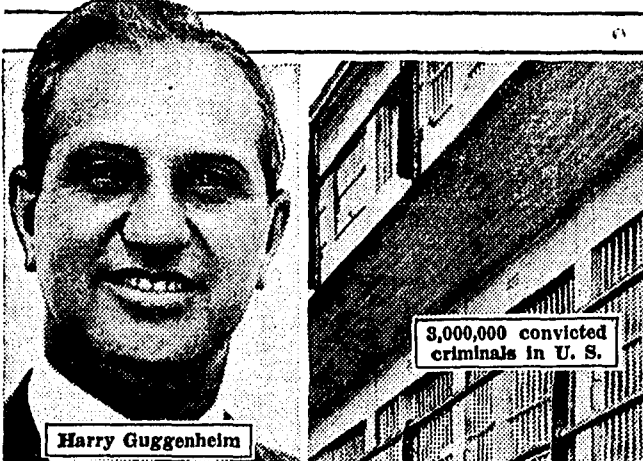

A grant of \$2,770,000 was given to San Antonio for power distribution system and for purchase of an extension system. The total

Crime Commissions Aid Police

Harry Guggenheim. Crime commissions are coming to the fore as an invaluable adjunct of law forces in reducing crime. Working independently of constituted authorities, these civic bodies help to expedite justice, improve penal conditions and cut down causes of crime. Both Baltimore and New York have model groups of this kind. In New York the commission, headed by Harry Guggenheim, has been of great help in cleaning up rackets and furthering the work of such as Thomas Dewey, district attorney. Baltimore's commission is the oldest in the United States, having been at work since 1923. More than a score of large cities and a dozen states now have privately financed organizations aiding in law enforcement.

cost of the project is estimated at \$13,370,000.

Weslaco received a grant of \$94,500 for a power plant. An electric current distribution system for Cuero received a grant of \$63,800.

Two Oklahoma municipalities also received federal aid for utilities plants. Okmulgee was given a grant of \$408,800 and Cleveland a grant of \$63,800.

of \$101,000.

VETERAN HATTON SUMNERS HAS STRONG OPPOSITION IN EFFORT BE RE-ELECTED TO CONGRESS

(EDITOR'S NOTE: This is another of a series of articles on the congressional races in Texas.)

By HARRELL E. LEE
DALLAS, July 12.—(P)—Hatton W. Sumners, 63-year-old chairman of the house judiciary committee, has two opponents in the congressional race who claim to be better Roosevelt men than he.

One is Thomas B. Love, 68, saying a political comeback after eight years of comparative inactivity, and the other is Leola Jackson, who received about 6,000 votes in a race against Sumners two years ago.

Friends of Sumners, who shares with Sam Rayburn of Bonham the distinction of being the oldest member of the Texas delegation in point of service, say he has been with President Roosevelt much more often than against him. The fact remains, however, that he has at times opposed proposals advocated by the president.

The congressman is counting on accomplishments during his 26 years in Washington to bring about his renomination without the necessity of a strenuous campaign. In the first primary of 1936 he received more votes than the combined totals of three opponents.

House-to-House Campaign
Jackson has been making a house-to-house and handshaking campaign for many months. Love did not enter the race until late but has the advantage of being widely known through many years of public service.

He long has been an ardent admirer of President Roosevelt. During the Woodrow Wilson administration he was an assistant secretary of the treasury and Roosevelt was an assistant secretary of the navy.

Voters throughout the state remember Love for his fights against "Fergusonism" and Al Smith and for liquor prohibition. He was a leader in the move which put Texas in the republican column in the 1928 Hoover-Smith contest.

Love, a former state senator and former democratic national committeeman for Texas, promised in his opening speech that he would withdraw from the race if President Roosevelt said the welfare of the people demanded Sumners' re-election.

Favors Roosevelt Policies
He describes himself as "a Franklin Delano Roosevelt new deal democrat, by which I mean that I heartily believe in the economic program proposed and being carried out under his leadership."

Sumner replies that he had supported the president "earnestly and I think effectively in the great majority of his proposals."

The Dallas congressman opposed the supreme court reorganization bill.

Another northeast Texas race finds Wright Patman of Texarkana, author of the soldiers' bonus payment law and mentioned as a possible candidate for the United States senate two years hence, with his first opponent since 1928.

George P. Blackburn of Paris is endeavoring to unseat the Texarkana representative. The Paris candidate favors the national administration program in general and assails Patman's monetary ideas. Patman is a strong supporter of the president.

Patman's campaigning was delayed by the late adjournment of congress but his 18-year-old son, Connor, did an able job of "pinch-hitting," touring the Bowie county political rallies with the congressman's sound equipment.

**CONTRACT AWARDED FOR STEEL
STANDS CORSICANA GRID FIELD**

Contract has been awarded for the construction of 200 running feet of steel grandstand at Tiger Field, home of the Corsicana football team, to the Central Texas Iron Works of Waco, W. P. McCommon, president of the school board, said Wednesday.

The new stands will be located on the western side of the field, replacing the oldest of the wooden seats. A new pressbox will replace the present one, with enlargement of 200 running feet.

Salvage from the demolished stands will be used to repair the remaining wooden portions of the athletic plant.

The seating capacity of the steel sections to be installed will be 2,660 people.

Keeping the wooden stands in repair has been a considerable item for the athletic department.

There are 100,000 eyes waiting each day to read their "Home Town Newspapers" about the things they want to know about, the things they need, the things that keep them up-to-date, the things that save them money, and make them happy, and many other "things" too numerous to mention, that are so necessary to the daily routine of life.

Yes, for every paid subscriber to your "Home Town Newspapers" there are five bonafide readers, all of them eagerly waiting for each issue of their newspaper to bring to them the "news" about everything—the only medium of public contact that gives them what they want, and can be depended upon as giving authentic, detailed, illustrated facts about the "doings around" them.

They know that there is nothing indefinite about their newspaper, which they can see and read, and re-read if necessary, about definite things that happen, and definite things that are for sale, with full descriptions and prices, etc., in cold type.

They also know that such a medium covering their trading area so completely is their best advertising opportunity, and that's why they invest their advertising dollar in printers ink that tells their story as it should be told.

They know that "Advertising Makes Work" for themselves and for the general public, for more merchandise sold means more work for many people in many sections of the country.

They know that "Sales Mean Jobs" and profit, for every sale carries a fair and reasonable profit for the alert business institution that is alert to combat for his share of business.

They know that the market of a merchant is as wide as the effective appeal of his advertising.

Selling our way back to "them good old days" again is largely a matter of advertising our way out of the present let-up of activity in our own ranks. Through advertising one can gain the markets of his trade territory as of old.

Every business man depends upon advertising as the major force in a sales campaign, and they will also say that newspaper advertising is the background and foundation of their sales efforts.

The live merchant will be alert in his advertising and sales plans, and will take advantage of the value of his "Home Town Newspapers" that have the attention of over 100,000 eyes in waiting for their arrival.

HICKMAN IS NAMED CHIEF OF HIGHWAY PATROL FOR TEXAS

AUSTIN, July 14.—(P)—Capt. Fred Hickman of the Texas highway patrol today was appointed chief of the patrol, succeeding L. G. Phares who was relieved of his duties several months ago.

Col. H. Carmichael, public safety department director, announced the appointment, adding Hickman was "one of the most outstanding traffic and criminal officers in the state."

A native of Whitesboro, Grayson county, Hickman is 30. He has served as a peace officer for more than 15 years and has been a city policeman, county officer and railroad special agent. He became a member of the patrol in 1927.

Hickman said the appointment came as a complete surprise to him.

"I shall be highly pleased if I can help to maintain the high efficiency now developed in the patrol," he said.

Houston Leads In Gains In Building Permits For June

NEW YORK, July 12.—(P)—Building permits in June were the largest since January and only seven per cent below the comparable 1937 total, Dun and Bradstreet, Inc., stated today.

The value of permits issued in 215 cities last month totaled \$87,825,427, against \$77,006,469 in May and \$84,752,583 a year ago.

A number of cities reported substantial gains over the like period last year. Houston, Texas, with a 24 per cent increase headed the group chalking up advances.

In recent years as the timbers aged. The new accommodations are scheduled to be completed before the opening of the 1938 football season here about the middle of September.

The amount to be expended was not divulged.

TWELFTH DISTRICT MEDICAL SOCIETY MET HERE TUESDAY

NAVARRO COUNTY DOCTORS HOSTS TO VISITORS AT COUNTRY CLUB

Members of the Navarro County Medical Society were hosts Tuesday for the annual summer meeting of the Twelfth District (Central Texas) Medical Society at the Corsicana Country Club. Between sixty and seventy visiting physicians and their wives were in attendance.

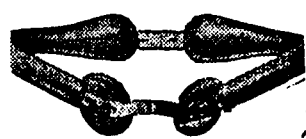

After the meeting was called to order at 9:30 a. m., the invocation was pronounced by the Rev. C. R. Haden, rector of St. John's Episcopal church of Corsicana, and the scientific program of the day was started at once. Selection of the winter meeting place and election of officers was scheduled to conclude the meeting in late afternoon.

Members of the district auxiliary began their annual session at the clubhouse at 10:30, and after their morning session joined their husbands for the luncheon at the country club. The program was presented by the Navarro county society following the luncheon.

Retiring Officers. Retiring officers of the district association include: Dr. W. L. Croshaw of Waco, president; Dr. R. K. Harlan of Temple, secretary, and Dr. H. F. Connolly of Waco, treasurer. The Corsicana arrangements committee was composed of Drs. Will Miller, Leslie E. Kelton, Jr., and Homer B. Jester.

Officers of the auxiliary include Mrs. J. H. Barnett, of Marlin, president; Mrs. Charles Phillips of Temple, first vice-president; Mrs. L. O. Wilkerson of Bryan, second vice-president; Mrs. M. M. Brown of Mexia, third vice-president; Mrs. A. C. Hornbeck of Marlin, recording secretary; Mrs. Spencer Woodruff of Waco, publicity chairman; and Mrs. D. D. Warren of Waco, council woman. Mrs. S. H. Burnett welcomed the auxiliary members to Corsicana. A drive over the city was scheduled for the ladies in the afternoon to be concluded with a tea at the home of Dr. and Mrs. Homer B. Jester.

Counties Included. In the Twelfth district are Bell, Bosque, Comanche, Coryell, Erath, Falls, Hamilton, Hood, Hill, Johnson, Limestone, Milam, McLennan, Navarro, Robertson and Somervell. The scientific program for the

Allred Expected Resign Soon After Second Primary

AUSTIN, July 12.—(AP)—Associated Press. Gov. James V. Allred, chosen by President Roosevelt to be federal judge for the south Texas district, voiced the opinion today he would resign as governor soon after the democratic runoff primary August 27.

Allred was en route here from Amarillo after accompanying the president to the Panhandle city. Admirers formed a delegation to welcome him at the railroad station.

Allred apparently will be succeeded for a brief time by Lt. Gov. Walter F. Woodul of Houston, who is a candidate for attorney general. The candidate receiving the gubernatorial nomination in the August 27 runoff will be inaugurated next January.

Woodul, who was here today, said his prospective service as governor would have no effect on the vigorous campaign he is waging for attorney general.

There was considerable speculation over the possibility of Woodul calling a special session of the legislature this fall. Some persons believed legislation should be deferred until the new governor and new legislature take office in January.

Great Throng

Protests Act
Labor Board

STUBENVILLE, Ohio, July 13.—(AP)—A laughing, jeering throng of approximately 3,000 persons milled in front of the federal building today, flaunting banners attacking the national labor board, and shouting protests against the expulsion of a Weirton Steel Company attorney from the board's 11-month-long hearing against the company.

A mass parade from the steel mill town of Weirton, W. Va., to Steubenville was abandoned following the transfer of the hearing to Pittsburgh last night, but 200 steel workers came across the Ohio river in buses and automobiles to join several hundred townspeople.

day included: The presidential address; Dr. Croshaw of Waco, president; Dr. R. K. Harlan of Temple, secretary, and Dr. H. F. Connolly of Waco, treasurer. The Corsicana arrangements committee was composed of Drs. Will Miller, Leslie E. Kelton, Jr., and Homer B. Jester.

DUPONT, RASKOB ATTEMPTED TO EVADE TAXES IS CHARGED

U. S. BOARD TAX APPEALS
FINDS 'PAPER TRANSACTIONS'
ENGAGED IN

WASHINGTON, July 12.—(AP)—The United States Board of Tax Appeals found today that Pierre S. DuPont and John J. Raskob had attempted to evade more than \$1,000,000 of income taxes by "paper transactions," in securities.

The exact amount of additional taxes due on their 1929 incomes was left by the board to determine later, but attorneys estimated Raskob might be held to owe about \$1,000,000 and Du Pont about \$600,000.

Du Pont, a large contributor to Republican campaign funds in 1936, is chairman of the board of directors of E. I. du Pont de Nemours & Company. Raskob was chairman of the Democratic national committee and campaign manager for Alfred E. Smith in 1928 but turned against Roosevelt and with Smith promoted the Liberty League in opposition to Roosevelt.

After the 1929 stock market crash, DuPont and Raskob sold each \$4,500,000 of securities to each other at prices far below what they had paid for them. Eventually they resold the securities to each other so that each wound up with his original holdings. They claimed deductions from their income tax for the losses indicated by the difference between the original value of the securities and the prices at which the securities were sold.

The board said, "When summed up, our whole question is one as to whether the transactions considered are such as the statutes as to deductible losses intended and contemplated, or were paper transactions to escape tax liability."

"The matter before us here required examination in the light of the ordinary actions and reactions of men, guided by criteria of reasonable human behavior in business transactions."

"So viewed, they demonstrate, in our opinion, that the sales were bona fide, real, free from agreement to reacquire, in spite of the result, the complete return to original ownership. Such a result could conceivably be without design, but such a thing would be entirely too remarkable for belief."

"Men do not conduct themselves and accomplish the end as did these parties toward each other, and attain an end so advantageous to their fortunes, without a clear understanding. This design was too complete to be without design."

"The record before us bears its own testimony, and though the respondent (government) had conducted the hearing in a manner which would require us to be blind to fact and to place a premium on ingenuity, rather than bona fides."

Lovely Children's Party Is Birthday Feature In Kerens

KERENS, July 14.—(Spl.)—One of the loveliest children's parties of the summer was that of Jimmie Wright, son of Mrs. Opal Wright, which was given in observance of his sixth birthday on Thursday, July seventh, at the home of his grandparents, Mr. and Mrs. Ed Inmon. Thirty-one little guests helped to make the occasion a memorable one.

The Mexican motif was carried out to the minutest detail, all decorations, favors, etc., having been purchased in Mexico while Jimmie and his mother were there some weeks ago. A number of games were played on the lawn, including the typical Mexican game of "Breaking the Pinata," which is an earthenware pitcher filled with small candies, and suspended from a tree. Each child blindfolded, strike the pinata with a stick and if it breaks is awarded the candy which falls.

Trooping into the dining room a delightful sight met their incredulous eyes. A Mexican sombrero suspended from the chandelier above the table held bright colored streamers which ran to each plate. Vieling for place of honor as the central table decoration were a Mexican street scene, with burros and men astride, etc., executed in straw, and the lovely three-tier birthday cake, with its decoration further carrying out the chosen motif.

Favors marking each place were small-handled baskets of straw, filled with colored candies and mints. In addition to the birthday cake, cookies and ice cream were served.

Personal Mention
KERENS, July 14.—(Spl.)—Mr. and Mrs. Deedle Bithers have and their guests this week their nieces, Misses Maiba Sue and Yrema Jean Barlow, of Palestine and Mr. and Mrs. Willie Fletcher of Dallas.

Rev. E. T. Miller and Tommie Godfrey of Corsicana were in Kerens Wednesday and attended the 10 o'clock service of the Baptist revival being held under the tabernacle.

Mr. and Mrs. Johnnie Simmons and family who have moved recently from Hemphill, are being welcomed by their many relatives and friends.

Mr. and Mrs. Joel C. Trimble and Miss Laura Lee Kirk were guests of Mr. and Mrs. R. P. Walker Tuesday evening.

Mrs. Ben F. Stroder of Fort Worth is spending the week with her sisters, Mrs. W. T. Stockton and Mrs. Sallie T. Manning.

Mrs. Tom Keck of Trinidad was in Kerens Thursday and Friday. Rev. Smallwood of Trinidad was a Kerens visitor Tuesday.

Mrs. J. L. Joplin of Rusk, who for many years made her home in Kerens, is in the house of Misses Carrie and Erin Daniel. E. C. Newsome left Friday for Texas City where he will be located in the future.

Miss Jean Seale has returned

CHAMBER COMMERCE QUARTERLY MEETING LARGELY ATTENDED

REPORTS PRESENTED AND
MUSICAL PROGRAM GIVEN
TUESDAY NIGHT

Reports on activities now under way and forecasts of new undertakings featured the quarterly membership meeting of the Corsicana Chamber of Commerce held at the Magnolia Lake Tuesday night.

C. S. Dickson, first vice-president of the organization acted as master of ceremonies in the absence of President J. M. Dyer.

The Corsicana CCC camp string orchestra supplied musical entertainment as the members gathered and also during the watermelon feast that concluded the occasion.

The recently organized Corsicana Chamber of Commerce group, composed of Messrs. E. E. Burkhardt, W. B. Waddell, Norman G. Hardin and M. A. Spurgeon, made a debut singing "Swinging Along Together" and "Home On The Range" Mrs. H. B. Love was the accompanist.

A report on the membership activities of the chamber in recent months was presented by F. W. Smith, showing a total of over 400 members, and a number of excellent prospects still outside the ranks.

Stell Makes Report.
Ralph Stell presented the report of his committee on Four-H club and Future Farmer activities which was highlighted by the distribution of fifty-four feeder calves to Navarro county youths, and plans for their exhibition and auction in connection with the fair in October.

He reported great interest and enthusiasm was being shown by the young feeders both in their work and at the picnic and field day arranged for them recently.

Sydney Marks reported on rural relations activities, briefly reviewing the successful visitation campaign conducted in 1937 and outlining plans for visits to Texas with others on the list for later in the summer. He also praised the organization of the quarter.

W. E. McKinnis reported on the rapid progress being made on the construction of the first two units of the permanent fair plant, and also on the signing of a contract for a new rodeo in connection with the October show.

Admitting the committee had slackened its efforts in recent weeks, F. H. Harvey stated considerable work had been done by the traffic and transportation committee on highway projects. He suggested a celebration on completion of the projects now under way on both sections of Highway 22; he also mentioned work in progress on Highway 31 to Dawson, and some preliminary work on Highway 108 to Mabank.

A careful consideration of several industrial possibilities by his committee was reported by Louis Colens, and mention was made of an industrial survey completed recently. He asked Secretary Knight to report on possibilities of a health center being established.

Public Health Work.
Dr. J. Wilson David said several meetings of the public health committee had been held during the year and a definite program had been outlined including greater control of tuberculosis, and extensive anti-venereal disease campaigns and clinic, and educational work looking to the establishment of a fulltime health unit for the county.

Festus A. Pierce, chairman of the Retail Trade Activities committee, reported considerable work done in an attempt to secure a regular and properly supervised market and auction place. He said plans of the committee and community were handicapped by the lack of a retail business in Corsicana.

W. P. McCammon said the civic affairs committee had little to report.

In the open forum session that followed Festus A. Pierce and John J. Garner asked for the formation of the entire community in working for the state armory in Corsicana which could also be used as a civic center. It was pointed out a site would have to be given for the structure.

R. W. Knight reported that work had been under way quietly on the possibilities of establishing a resort in Corsicana to utilize the health benefits of the warm mineral water. He stated investigations had shown local waters were the equal of that found in any resort, and only capital was needed. He insisted such a project would pay cash dividends in a few years.

At the conclusion of the report on the forum session, generous slices of ice cold watermelon were served the members, and even "seconds" were available.

ROOSEVELT
(Continued From Page One)

will board the Houston at San Diego Saturday afternoon for the Galapagos Islands—he will have some wind words to say for Senator William G. McDoo, who is seeking renomination.

During a day in Nevada, the Chief Executive made no reference to the democratic senatorial primary fight and only the barest allusions to the candidates.

With Senator Pat McCarran, who opposed several major administration measures, and Albert Hilliard, McCarran's primary opponent, by his side on the rear platform of his train, the President referred twice to "your senator," spoke once of "Brother Hilliard" and another time of "Al Hilliard."

Hilliard is an avowed 100 per cent administration supporter.

Both Hilliard and McCarran boarded the Presidential special early in the ay and both had interviews with Mr. Roosevelt. McCarran said he has conversations entered on water projects for the state.

Cotton Consumption.
WASHINGTON, July 14.—(AP)—The census bureau reported today cotton consumed during June totaled 42,742 bales of lint and 56,106 of lintless, compared with 42,584 and 56,046 during May this year, and 48,031 and 67,519 during June last year.

Cemetery Association
The Hopewell Cemetery association will observe its annual Memorial Day, Friday, July 15th. Program will begin at 10:30. All members are urged to attend. Everybody invited.

FEDERAL AGENTS CHECKING STORY OF ALLEGED KIDNAPER

FRANK OLSEN DECLARES HE
KIDNAPED AND KILLED
CHARLES MATTSO

TACOMA, Wash., July 13.—(AP)—Chief William Cole of the Washington highway patrol announced today he was convinced a man of many aliases, who yesterday confessed to the Mattson kidnaping, was a "mental case and had no part in the crime."

Cole said the man, who gave his name as Clarence White, Clarence Thorp, Clarence Mead and Frank Olson, would not be charged with the kidnaping and slaying of 10-year-old Charles Mattson, but would probably be given a sanity hearing.

Cole said the Federal Bureau of Investigation had taken part in the questioning, but expressed no further interest in the man.

Cole, who announced Olson's confession last night, said the prisoner's description tallied closely with that of the man sought for the abduction but that many portions of his story did not check with known facts of the case.

Olson was arrested last Friday near Ritzville in Eastern Washington and after 36 hours questioning by Sheriff Melvin Oakley, State Patrolman Jack Schaefer, was brought to Tacoma. He is irrational about a third of the time, Cole said.

Officers indicated an effort would be made today to have Muriel and William Mattson, sister and brother of the slain boy, who were in the Mattson home at the time of the kidnaping, identify Olson's picture. The children now are at summer camp.

R. C. Suran, special agent in charge of the Seattle federal bureau of investigation office, had only one comment as he reached here last night to aid the investigation: "I hope he's the right man."

Olson first said four men were involved in the kidnaping. Later he said only three and finally cut the number to two. The second man he named was arrested and released last night when Olson again contradicted his story and said that man was not involved.

Cole quoted Olson as saying he broke into the Mattson house, stole the boy and dashed down the precipitous cliff behind the home and reached the beach in pitch darkness. A row boat was moored there. He rowed with the boy for several hours across Commencement Bay to Dash Point, where he had parked his car, the confession said.

He then drove to Everett. Cole said Olson denied he put the body where it was found 15 days later in newly fallen snow in a thicket near Everett.

"I wrapped the body up and buried it," Cole quoted him as saying. "One other man knew where the body was buried and he must have dug it up and moved it."

Cole said Olson said he strangled the boy, then beat him on the head and stabbed him. The condition of the body at the time it was discovered indicated the stab wounds were inflicted after death.

Cole said Olson, who was held in a hotel under patrol guard last night, might be transferred to a jail in Everett.

SPOKANE, Wash., July 13.—(AP)—Dr. M. W. Conway, superintendent of the Eastern Washington Hospital for mental cases, said today Frank Olson, questioned about the kidnaping of 10-year-old Charles Mattson, was inmate of the hospital when the kidnaping was reported, Dec. 27, 1936, and had been since 1925.

"Olson's real name is Lester Mead," Dr. Conway said. "I talked to federal bureau of investigation men in Tacoma this morning and there is no doubt as to the identity."

"Mead ran away from the hospital vegetable farm last week," Dr. Conway said.

Beauty Diary

of Edna Kent Forbes
A YOUNG NECK

Miss Forbes tells the readers today of another lesson from this nationally known beauty exponent. This one is on building a firm and youthful throat.

No matter how much make-up a woman may use, not even how much is done for her face in beauty treatments, there always will be the little neck that will have to be considered, and considered as first in importance. In yesterday's talk I mentioned a beauty teacher, and told of her lessons in caring for hands and arms. Another of her lessons was on building up the muscles of the neck, as the base for all the facial muscles. Her main exercise to achieve this was done practically through lifting her head and shoulders by the muscles of her neck, principally those under the chin and down to the collar bones. She has been a national figure and teaching since 1912, a fully grown up woman at that time, but her contours are those of a very young girl. Possibly better looking too with the years, as she started in life with poor health that she overcame.

A simple way to take this exercise is to stand and bend forward at hips, keeping the hands clasped with arms hung loosely over back of the hips. The arms and hands behind give balance for the forward bend. Forget everything but the muscles in front of the neck, tense them and throw all effort in them of lifting the head, shoulders, and straightening the entire figure. All the muscles of the neck will be sharing in this exercise, but the focal point, the part for tensing is in front from chin down. She advocated adhesive straps for night wear for some. Personally, I think a firm throat would not need it, and they would hardly be conducive to refreshing sleep.

Mrs. J. N. Pale lashes and brows may be dyed, but better have the work done for you, and by a skillful person. You could use a henna paste on them, as henna is not a dye, and therefore no risk for you to take even if a little should get into your eye. The color would be the same reddish color of your own hair. This would look natural and be becoming.

T. F. Plimples under the skin come from impurities in the system, and are no different from those that break out. Trace it to the cause, as there must be poor functioning of some of the organs of digestion or elimination. Usually, it is a simple matter to correct such trouble, as a clearing of the system, after which care of the diet, and the toxic matter has a chance to be sloughed off.

Mrs. L. V. Have the armholes of your summer frocks seen as you move? They will not be nearly so apt to soil your frocks with perspiration. You will be able to use the rubberized dress shields easily and without increasing the heat. Take advantage of the summer time sleeveless styles whenever possible. There are many times when you may go bare-armed, too.

Mrs. B. C. There is no advantage in making up a bleach using cucumbers, as all the formulas are very complicated while all you need to do is cut a piece of cucumber and rub it over your skin. You get the juice fresh, and you may use oil afterward to counteract the drying effect of the bleach.

If you have any new problems you cannot solve, write for Edna Kent Forbes three "NEW" Beauty books: "Fifteen Minutes a Day for Beauty," "The Five Point Beauty," "Tanning and Bathing for Beauty." Send ten cents (in stamps) for each book and pay for printing and postage and enclose a stamped, self-addressed envelope (N.Y.C.). Address: Edna Kent Forbes, c/o this paper.

ARMED CONFLICT IS PREDICTED BETWEEN DEMOCRACY, FASCISM

SENATOR NORRIS WONDER
IF WORLD WAR NOT NECES-
SARY AT PRESENT

By DEWITT MACKENZIE

Associated Press Foreign Writer

NEW YORK, July 13.—(AP)—

United States Senator George W.

Norris, Nebraska, is reported to

be making a speech on the 77th

birthday, and saw armed conflict

between democracy and fascism.

He wondered if it "wouldn't be

better for America to keep out of

France, Great Britain and Rus-

sia to ally themselves now in a

world war to wipe out fascism."

Of course, the senator was just

making out loud and a specula-

tive guess. He explained in the

next breath that he "would never

favor voting to put this country

to war again on a foreign field."

Still, however, the thirty years

from now when a younger gen-

eration of Americans is fighting

a world union of fascist nations,

resisting a fascist wave of ag-

gression against us, the Ameri-

cans of that day may wish we

had defeated fascism in its in-

fancy."

Senator Norris isn't alone in

that thought. Indeed, it is a

growing tradition that

sooner or later democracy and

the totalitarian nations will clash.

England Torn Apart.

The fierce political battle which

is tearing England, and has the

much worried cabinet on a hot

spot, is being waged about that

very point.

Prime Minister Chamberlain is

pursuing a "practical" policy of

conciliation and peace at any

reasonable price with the dicta-

tors.

Such strong opposition—including

such powerful figures as former

Premier David Lloyd George,

Winston Churchill and Anthony

Eden—maintains that now is the

appointed time to crack down on

fascist aggression.

They say that by making con-

cessions to fascism Chamberlain

is creating a power which one

day will turn and rend England.

Daily he has to face charges of

cowardice, and of laying up grief

for the British empire.

Utterly Opposed.

Certainly the principles of de-

mocracy and fascism are utterly

opposed. They are so far apart

that there is no room for the two

of them in one country. (That,

incidentally, is what the Ameri-

can and Czechoslovakian problems

are all about.)

So what? Must they fight to

see which is the stronger, or is

there still room in the world for

the two of them, even if they

can't live together in the same

countries?

Chamberlain holds there is

room in the world for both be-

lieves, and there are many who

over the matter. He is gambling

for peace, and he has his sup-

porters. But there is the other

side, which foresees war, and

this view has been strengthened

by the disdain shown by the fa-

cists for democracy, and the

constant sword rattling of the

totalitarian states.

So far as the future is con-

cerned, there is no certain clue

to what may happen.

CONGRESSMAN MORGAN SANDERS FACES STRONG OPPOSITION IN HIS CAMPAIGN FOR RENOMINATION

Editor's Note: This is another of a

series of articles on congressional races

in Nebraska.

By HARRELL E. LEE

TYLER, July 13.—(AP)—Congress-

man Morgan G. Sanders of Can-

ton, who had a fairly close call

in his race for reelection two

years ago, faces a much tougher

contest from several directions in

the first democratic primary July 23.

In 1936, Sanders was opposed

only by A. V. Grant, Longview

city, and a comparative new-

comer to the district, Grant in-

the race again along with Dis-

trict Judge Walter G. Russell of

Tyler, County Judge Brady P.

Griffin, and a comparative new-

HUGHES

(Continued From Page One)

and Richard Stoddard, radio en-

gineers, were on hand to

control the mass of humanity

which swarmed around the plane

thirty minutes after the motor

was cut off.

Then Thurlow poked a head-

ed face out, grinned at the

crowd, and waved his hand

shoved her way to the en-

door, and ducked back inside.

All the elaborate arrangements

to prevent damage to the plane

thwarted the crowd while Hughes

set his ship down.

Two small planes which had

gone out earlier to meet the

round the world fliers escorted

it back to the field and wheeled

it to the hangar while Hughes

explained the details of his

plane.

Shortly before Hughes left the

plane a crowd broke through two

sections of a heavy wire fence

around the plane and rushed

in. Police rushed forward and

stopped them just short of the

plane.

Hughes was the same battered
